

FRANCOIS SOMMELLA

WEB DEVELOPER

PROFILE

Having worked for 15 years in the electricity industry, I recently decided to switch career path into web development. An area I was always passionate about. I thus completed a 9 weeks training with LeWagon where I developed several projects.

WEB PROJECTS

- **Alumn'us**
[HTTPS://ALUMNUS-LEWAGON.HEROKUAPP.COM/](https://alumnus-lewagon.herokuapp.com/)
Webapp for alumni, in a team of 3, built using Ruby on rails, HTML, CSS, JS, Github and Heroku.
My responsibilities included :
 - Setup the backend of the platform, including routing, MVC setup.
 - Set the UI/UX aspects of the platform. Assisted in optimising user flow.
 - Setting up chat, Geocoding and Search bar.

- **Athletic**
[HTTPS://ATHLETIQ.HEROKUAPP.COM/](https://athletic.herokuapp.com/)
In a team of 3 and within a week we launched an app for renting facilities on an AirBnb like site using Figma, JS, Ruby on Rails and Heroku
